The Respected Voice
One Strong, United Voice

The Construction Products Association is the leading voice to promote and campaign for construction product manufacturers and suppliers.

We provide our members with unique expertise and support, including:

• tracking and assessing government policies
• interpreting those policies and regulations and providing expert advice
• producing authoritative economic, technical and sustainability publications
• leading consensus with members and the wider construction supply chain on major issues
• representing our members across industry-wide organisations and alliances
• supporting and lobbying policy makers in the UK and EU to develop effective, evidence-based policies and solutions

We Represent

85% of the product manufacturing industry by value

Did You Know?

76% of all construction products used in the UK are made in the UK.

Our Objectives

Recognition for the Sector

• Promote the value and interests of the construction products sector to policy makers
• Represent our members across industry and government organisations and committees

Supporting Market Growth

• Forecasting, researching and surveying the UK construction market
• Drive greater collaboration across industry and with government

Reducing Risk

• Leading industry consensus to help develop clear, effective regulations and standards
• Advancing the digitalisation of the industry for smarter, more efficient supply chains
