

Representing the
Construction Products Sector

Representing the Construction Products Sector

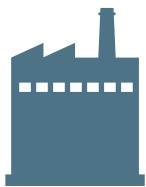

The Construction Products Association represents and champions manufacturers and suppliers of construction products and materials.

Our industry directly provides jobs for 407,900 people across 27,533 companies and has an annual turnover of £68.6 billion. We provide our members with unique expertise including the latest economic forecasts, a voice in government legislation, representation in driving key policies throughout the wider industry, and so much more.

We provide our members with unique expertise and support, including:

- tracking and advising on government policies and regulations
 - engaging policy makers to develop effective, evidence-based policies and solutions
 - driving consensus with members and the wider construction industry on major issues
 - representing our members across industry-wide organisations and events
 - producing authoritative economic, technical and sustainability publications and commentary
-

Our Strategic Objectives for 2025:

Market Growth

- Provide our members with economic insights and forecasting of market performance
- Ensure manufacturers' perspectives and role are recognised in enabling growth and the delivery of high quality, safer homes, buildings and infrastructure
- Help Government optimise policies impacting UK construction, particularly support for investment in infrastructure, housing and energy-efficiency retrofitting

Technical and Regulatory

- Liaise with Regulators and Government for effective responses and legislation around building safety, certification and testing
- Drive the reform of industry culture and practices, including new competency standards and support for the Code for Construction Product Information
- Monitor the harmonisation of EU/UK regulations including UK-CPR, and flag risks and cost/benefits
- Develop new ways for product information to be more accurate, transparent and accessible

Net Zero + Sustainability

- Support the move towards a more resource efficient, sustainable built environment
- Advise government and manufacturers on solutions for achieving net zero and wider sustainability objectives
- Support development and better understanding of measurement and reporting requirements – at product, company and project level
- Ensure 'green' procurement demands on manufacturers are based on appropriate standards, measurement and reporting

The Benefits of Membership in the CPA:

Overview

The CPA acts as an 'umbrella' trade body for the UK's manufacturers and suppliers of construction products and materials, including large multinationals, many medium sized companies and thousands of SMEs and family-run businesses – altogether we represent 85% of the industry by value.

Membership benefits offer valuable connections, advocacy, analysis and information, all designed to support your business.

Key Benefits

Key benefits are summarised below and may vary according to member band. To learn more, please contact us at membership@constructionproducts.org.uk.

Information & Research

- Access to CPA economic forecasts, industry surveys, historical market information, Weekly Notes e-bulletin and other reports;
- Access to Members-only content on the CPA website, including briefing materials, committee papers, research and 'live' working documents;
- Access to the expertise of CPA staff for help on economic, technical, regulatory, sustainability, competence and other policy matters, including advance warnings on relevant issues;
- Support and presentations from CPA staff at Member events;
- The CPA can develop bespoke economic research and surveys of market sectors.

Representation

- Representation of Members' interests to UK, regional and EU government, civil servants, regulators, industry committees, boards and alliances;
- Invitations to meetings with policy-makers and regulators;
- Opportunity to input into UK, regional and EU consultations and submissions;
- Members-only invitations to the CPA's annual Parliamentary Reception;
- The chief executives of our Company, Affiliate and Trade Association Members sit on our three main governing councils that meet regularly to discuss and guide our Association's work and offer input to the board and senior management.

Networking and Business Opportunities

- Invitations to regular CPA Chairman's Lunches, with VIP guest speakers (e.g., ministers, Bank of England, etc.);
- Invitations to support or attend major CPA events such as the AGM, annual lunches, conferences and networking events (with cross-industry representation);
- Members-only opportunities to meet with major UK clients; e.g., Homes England, National Highways, TfL, major housebuilders, etc.
- Access to exporting opportunities and meetings with the Department for Business and Trade, foreign governments and clients;
- Preferential sponsorship opportunities and rates for CPA and industry events.

Our Members

The CPA welcomes the support of the following businesses and organisations in its membership:
